

2020 ANNUAL FUND

We are one of the few schools to open fully this fall with a well thought out plan for health and safety.

We added a circus tent and a new Pavilion for outdoor classrooms. We started using the Fire Circle for morning meetings and recorder lessons. Science, music, and art all took place outside. Not a bad thing!

We are nearing completion of the Auditorium, a community space big enough for large classes to spread out. And as the weather turns and we spend more time inside, our new building with large classrooms and great ventilation is capably serving children.

Check out the new video about the Village School on our website homepage.

“What an amazing feeling to bring my girls back to school this fall, and I want to send a huge and heartfelt thank you to the amazing community of teachers that made this year’s in-person school possible.

Quarantine and ‘home schooling’ were a lonely time in some ways as a parent, and it showed me how many organizations and communities we have come to rely on in the raising of our children. Resuming that relationship with the Village School this fall was a remarkable relief, and it feels great to drop my girls off there every morning knowing that they will be in the care of your wonderful community of educators who know and love them.

Thank you for all of the immense, immeasurable, Herculean effort and faith that went into opening the doors of school this fall.”

Father of a preschooler, 1st grader and 5th grader

We are grateful for your support in the past, and we especially thank you for your support this year, when so much effort and expense went into reopening.
